

## PEDERSEN HOTELS

### ENVIRONMENTAL POLICY STATEMENT

Pedersen Hotels recognise that our activities impact on the environment. We will endeavour wherever economically possible to reduce our carbon emissions through our environmental performance and the prevention of pollution.

We will achieve our aims by –

Reducing harmful emissions by using energy efficiently, cutting out waste wherever possible and considering the use of renewable energy when economically viable to do so.

Recycling waste materials wherever we can and reducing the amount of waste matter we send to landfill.

Using water efficiently and reducing the amount wasted in all our areas of our operation.

Participating in and promoting local environmental initiatives.

In lessening our impact on our environment we will not reduce the quality of our product or compromise the health and safety standards within our Hotels.
